PEFC certified wood 1) Pencils:

Lacquering without toxic heavy metals 2)

Thermoplastic synthetic rubber Eraser:

Chalk as filler

Mineral oil as softener

Packaging: Cardboard box

### Conformity

STAEDTLER coloured pencils meet the standard:

EN71 Products conform to the European Standard 2009/48/EG 'safety of toys' and therefore bear the CE symbol.

Tests are in accordance with testing rules contained in European Standard EN 71:

EN71/1 Mechanical and physical properties

EN71/3 Specification for migration of certain elements and EN71/9 Organic chemical compounds - Requirement.

To be tested: All parts of the pen and packaging.

The eraser is according to European Directive 2005/84/EC, 'phthalates in toys'.

The products meet the Regulations (EG) No. 1907/2006 (REACH) and No. 1272/2008 (CLP) concerning the Registration, Evaluation, Authorization and Restriction of Chemicals.

## **Usage notes**

Important note:

Warning! Risk of suffocation due to swallowing/inhaling.

ABS Anti-Break-System:

Our coloured pencils with A·B·S are surrounded by an innovative white protective coating \*.

It makes the coloured lead more break resistant and the pencil stronger.

Erasable - easy to make changes and corrections.

Sharpener recommendation: Noris Club double-hole tub sharpener 512 002

STAEDTLER has been certified to ISO 9001 and ISO 14001 and considered in the selection of raw materials and their processing in the relevant national and international laws to protect the users.

<sup>1)</sup> Certification for sustainable forest management, PEFC/04-31-1227
