Cardboard box

#### Conformity

STAEDTLER coloured pencils meet the standard:

EN71 Products conform to the European Standard 2009/48/EG 'safety of toys' and therefore bear the CE symbol.

Tests are in accordance with testing rules contained in European Standard EN 71:

EN71/1 Mechanical and physical properties

EN71/3 Specification for migration of certain elements and EN71/9 Organic chemical compounds – Requirement. To be tested: lead, wood, lacquering and packaging.

Coloured pencils ergo soft 157 and ergo soft jumbo 158 are checked by ACMI (Art & Creative Materials Institute) and correspond to the U.S. - Standard ASTM D-4236. According to the standard, such products shall be tested by an authorized U.S.-toxicologist.

The products meet the Regulations (EG) No. 1907/2006 (REACH) and No. 1272/2008 (CLP) concerning the Registration, Evaluation, Authorization and Restriction of Chemicals.

## Usage notes

Ergonomic writing:

The triangular shape of writing instruments makes them comfortable to hold and promotes an optimal writing grip, ensuring fatigue-free writing and drawing.

ABS Anti-Break-System:

Our coloured pencils with A·B·S are surrounded by an innovative white protective coating \*.

It makes the coloured lead more break resistant and the pencil stronger.

Sharpener recommendation:

157: Double-hole tub sharpener 512 002, Noris Club triangular double-hole tub sharpener 512 128

158: Double-hole tub sharpener 512 002

\*\* STAEDTLER\*\* has been certified to ISO 9001 and ISO 14001 and considered in the selection of raw materials and their processing in the relevant national and international laws to protect the users.

<sup>1)</sup> Certification for sustainable forest management, PEFC/04-31-1227

Tests are made in accordance with the European standard EN 71, part 3 (toxic heavy metals) and EN 71, part 9 (toxic organic-chemical compounds such as phthalates)

<sup>\*</sup> Except colour white (-0)
