

Biodegradable Dog Waste Bags, Mr. Green Mind - green

Package with 600 biodegradable bags and 100% leak-proof guarantee. We use recycled materials in our packaging and roll cores because details matter. Our bags are thicker and of better quality than those of our competitors, featuring an expanded sealed bottom. They are large enough to fully cover your hand and sleeve while picking up, with plenty of room to tie a secure knot in the bag. You are well-prepared, regardless of the size of the mess, from the most majestic dogs to the smallest puppies! They are not only suitable for dog waste but can also be used for household waste and pet food.
