Canary Post-it® Paper

Technical Bulletin

Issue N°8
Jan.12 - Rep Nov.10

Characteristics:

1. *Paper colors* : pastel canary, uncoated type.
2. *Paper weight* : 70 g/m² .
3. *Paper type* : 100 % virgin paper.
4. *Paper bleaching* : **ECF** type.
5. *Backsheet* : printed white paper - 70 g/m²
Paper is 100% virgin - Paper bleaching is **ECF** type.
6. *Environmental labelling of this product* : 100% PEFC certification for the paper and the backsheet

Canary Post-it® paper is manufactured with 100% PEFC certified pulp then Specifications require 70% minimum of pulp certified to obtain a 100% PEFC certification.

PEFC stands for **P**rogram for the **E**ndorsement of **F**orest **C**ertification schemes

PEFC certification is a transparent system of forest inspection plus a means of tracking timber and paper, from harvested tree through to the finished product

ECF stands for **E**lemental **C**hlorine **F**ree meaning that no Cl₂ is used for bleaching the pulp (Cl₂ is a very strong oxidizing agent which has negative effects on the environment).
